What Story Do You Want to See?

1. Too Close to Love You

Cleo and Lewis have been friends since they were little. When they started dating everyone thought that they would last forever.
>Now Lewis is beginning to honk differently.
Inspired by the song Too Close to Love You but not a songfic.

What other couples and characters should be in this and after what season?

2. Begin Again

Two years after being kidnapped the girls are let go. But what are they let go to?
>With one boy missing, one in a coma, and the other married what are the girls to do? And how did all this happen in just two years?<p>

(Emma, Cleo, Rikki or Bella, Cleo, Rikki? Let me know if you chose this one) And after what season?

3. Forgive and Forget

It's been three months since Rikki and Zane broke up. Now in the last month of summer they finally see each other again.
>What happens when they get back together? How will the others take it? And what else is going on in the girls lives?<p>

Still looking for more ideas. Set after season three.

4. Rikki's Truth

"Eva didn't disappear after the comet. At least she didn't die."

>"And how do you know that?"<br>"Because she's my great-grandmother."

Set after season three.
